Directions to AutumnColorTM Digital Imaging

Getting to AutumnColorTM is easy! Here's how...

Westbound:

For those of you approaching from the east, follow Rte 290 Westbound and get off at Hope Avenue Exit 10. Continue to the next intersection of Hope Avenue and Webster Street, keeping in the right lane. Take a right onto Webster Street, go past cemeteries on both sides of the street and under a railroad trestle. On your right you will see a large old red brick mill with a body building gym on the corner. The AutumnColorTM building, (#70 Webster Street) is on the left - across from the brick building and is marked with a sign. You can park in the lot that has an entrance just before #70. There is no parking on Webster Street. After you have parked, come around to the front entrance with an awning over it and ring the buzzer for AutumnColorTM. That should do it!

Eastbound:

From Route 290

For those of you approaching from the west, be forewarned! There is **NO** Exit 10 in the Eastbound lane. So do this: Take Exit 11 College Square and stay close to the left while on the ramp. Your first **VERY QUICK** left will lead you back into the westerly direction on Rte 290 which will enable you to take exit 10 and get there like everybody else. (See directions above.)

From the Mass Pike / Route 90:

Take the Worcester / Auburn Exit #10 to route 290 east. Follow the above directions.

From Rhode Island:

Take Route 146 into Worcester and get on 290 West. Follow the directions from 290 Westbound above.
